PC / Workstation
with
Web Browser

RJ-45 / UTP Cable

IP Address:
192.168.0.x

IP Address:
192.168.0.100

The following shows how to startup the **Web Management** of the **Switch**, please note the Switch is configured through an Ethernet connection, make sure the manager PC must be set on the same **IP subnet address**, for example, PLANET default IP address of the Switch is **192.168.0.100** (the factory-default IP address), then the manager PC should be set at 192.168.0.x (where x is a number between 1 and 254, except 100), and the default subnet mask is 255.255.255.0.

4. Login the Managed Switch

1. Use Internet Explorer 7.0 or above Web browser, enter IP address **<http://192.168.0.100>** (the factory-default IP address) to access the Web interface.
2. When the following dialog box appears, please enter the default user name "**admin**" and password "**admin**". The login screen in Figure 4-1 appears.
